

June 26, 2026 | Temporary Beef Quota Filled for Q2 2026

The Quarter 2 2026 (covering April-June 2026) tranche of the temporary Argentina beef import quota has now filled.

The next tranche of the quota (20,000 MT) will open on July 1 and cover the period from July - September 2026. The temporary quota (80,000 MT broken up over four quarters in 2026), is operating on a first come, first serve basis.

MICA will provide updates on quota utilization going forward to help importers navigate the fill rate.
