

June 3, 2026 | Forced Labor Section 301 Investigations - Proposed Additional Tariffs

On June 2, 2026, [USTR announced](#) findings in 60 Section 301 investigations examining whether trading partners have adopted and effectively enforced prohibitions on imports produced with forced labor. USTR determined that the investigated economies maintain acts, policies, or practices that are actionable under Section 301 and **proposed additional duties of either 10% or 12.5%, depending on the country involved.**

Impact on Beef Imports

Beef and beef products are also excluded from this proposed action. As proposed, the action would therefore have limited direct impact on imported beef and beef products.
